Master of Computer Application | 2024-2026 (Pursuing)
Suryadatta Institute of Business Management & Technology
- CGPA: 8.57

Bachelor of Computer Application | 2021-2024
VPASC college Baramati
- CGPA: 9.30

WORK EXPERIENCE

Web Developer Intern, Thoughtpad Infotech |Baramati, Maharashtra.
- Utilized HTML, CSS, and JavaScript to ensure a smooth user experience
- Learn frontend technologies, including React.

PROJECTS

PG Projects

Blogging Website | MERN Stack
- Developed a full-stack multi-user blogging platform utilizing the MERN stack, allowing users to log in, create, and post blogs on cloud computing, data science, cybersecurity, and web development. Integrated features for liking and commenting to enhance user interaction and engagement
- Implemented robust authentication and authorization mechanisms to ensure secure user access and protect sensitive data within the blogging platform.

UG Projects

E-Commerce Website |Django Framework, HTML, CSS, SQL
- Developed a dynamic e-commerce website using Django, resulting in a fully functional platform for online transactions.
- Implemented responsive and user-friendly UI components.
- Utilized Django' s built-in admin panel to create a robust and efficient content management system.

Personal Desktop Assistant | Python, OpenAI (API)
- Developed a virtual assistant using Python and OpenAI, leveraging various libraries such as TensorFlow and NLTK to enhance its natural language processing capabilities
- Integrated voice recognition and text-to-speech functionalities, creating a more interactive and user-friendly experience.

Real Estate Management System
- Created user-friendly UI.
- User can register their properties on side.
- Add responsiveness using Js.
